MEMORANDUM FOR: Committee on Overhead Reconnaissance
SUBJECT: Requirements for the First LANYARD Mission

1. The attached paper was approved by the COMOR at its meeting on 31 January. COMOR's findings as expressed in this paper, along with the targets, was made available immediately to Operations in OSA/DDR/CIA which has the responsibility for programming.

2. The attachment to the letter to the D/NRO lists the targets. Because of a shortage of copies and because that list is not needed by some of the COMOR regular addressees, not all will receive that attachment.
